MOTION TO ADJOURN. SECONDED. MOTION PASSES.

PRESIDENT'S MESSAGE

Hope this new year finds everyone in the AGC family well. As I reflect back on 2009 I am very happy with the continued growth and direction of the club. I believe we made great strides in range and facility improvement i.e. covers on pistol berms. Many hundreds of hours were put in by volunteers to make these improvements to the club and keep that front gate opening for you each of us to come in and enjoy OUR club. I would like to remind EVERYONE it is mandatory to wear eye protection while shooting on the AGC property. Failing to do so by member or guest is considered a major safety violation and will be dealt with as such. Enjoy safe and successful shooting.

Terry Humbargar President

CRO's Corner

Happy New Year to you all! I wanted to start off on the right and safe foot for 2010 by reminding all shooters to please carefully store your ammunition. By store, I mean segregate or catalogue your ammunition by caliber and type (e.g. surplus, reloads or factory new). I would venture a guess that most members and guests at the AGC shoot more than one caliber firearm. Some calibers are very close in appearance, making it even more important to know what ammo you are going to shoot in any particular firearm. I encourage some sort of system for ammo sorting. Colored boxes, stickers or labels on boxes, or boxes of significantly different shape or size can all be used to differentiate caliber and type of ammunition. Develop a system of your own, if you have not already and stick to it, your life, the life of a loved one or friend could depend on it. The wrong ammunition chambered in a firearm and fired can develop explosive pressures capable of potentially destroying the firearm and causing injury or death to its operator. Please be careful.

The AGC offers the opportunity for members with two years of membership or more to become a range officer (RO). As an RO you will be helping to keep the AGC running safely. Every hour worked will reduce the RO's following year's dues by \$8.00. To become an RO one must attend an RO class, in so doing, the member becomes "certified" by the AGC as a Range Officer. This certification is by and for the AGC only and is not affiliated with the National Rifle Association (NRA) however, the AGC RO class I lead, is based upon the NRA CRO class materials. The first RO class for 2010 will be held Saturday January 16, 2010 at 10:30 AM in the class room building at the club. Expect classes to last between 1 and 2 hours depending on number of people who attend and amount of questions asked. Classes are low key, informative and hopefully interesting. Be prepared to take notes for your future reference.

Please note: if you were/are an RO, your certification is good for only 2 years. If you wish to continue to be an RO you must re-take the class every 2 years. The AGC BOD set a mandate in 2008 that from then forward, ALL discipline chairmen/women (or their designated representative/s) must also attend an RO class every 2 years. Attendance will be taken and recorded.
