BOARD MEETING MINUTES 12/11/2018

Meeting 12-11-18

Meeting called to order at 7pm by President Tom Desmond

Present: Artzer, Baker, Boyd, Desmond, Faingold, Kohler, Leiker, Whitesides

Absent: Quiring - unexcused

I. CALL TO ORDER

Pledge of Allegiance

II. AGENDA

12.11.18 a. Motion to approve amended agenda – Adding in Maintenance Update by David Faingold under Old Business

Motion seconded and passed

III. MINUTES

12.11.18 b. Motion to approve minutes from 11/13/18 BOD meeting

Motion seconded and passed

IV. MEMBERS FORUM

Stewart Davis – Hunter Education Classes – Noted that when guest come out regularly, they sign a waiver, what about for the Hunter Safety Classes should he have them sign a waiver? Board answered that “yes” anyone taking the class should sign a waiver form.

Harold Lee - AJ Wells asked him to comment on what a great job was done on the berms but made the suggestion to have a crown put in the middle of the berms for drainage.

A member asked Tom Desmond about the coffee and the stipulation that was now being put on the coffee. Tom let him know that several containers of coffee were gone in one week. Adrienne was asked to put out 20 coffee packs per week, enough for 4 pots per day. The member said that he thought someone forgot to get the coffee, so members brought some out. Another member asked about a check list that had been made for staff do make sure that things get done, seems like it's not being used.

V. OLD BUSINESS

Pipeline Company Rep. – AGC President, Tom Desmond introduced John from the Pipeline Company that is interested in the west edge of the property to obtain an easement. There is not a lease option just an easement of 50 ft. x 781 ft. It was asked after the pipes are in place what would the needs of the easement be? John's response was that typically they will walk it one time a year. Once it is installed you probably won't see them but a few times a year. They are required to call before coming out. It will be flown over more than anyone coming out. In the event of an emergency first responders would be called first and then they would be out soon after being notified. Question was asked if a safety plan was in place to contain any oil if something should happen? John said that the pipes are steel and will not rupture, however, a leak could be a possibility, but they do not have that happen very often. It will be low pressure. There is already an agreement on royalties that the club would receive once the line begins producing oil. This is a tankless system with everything underground. Electricity will also be underground in a 6" Conduent lines. The club is sitting on some amazing gas and oil. If there is a problem the pipeline company would be responsible to put the property back the way, they found it or better. The lines would take about 2-6 months to lay. Looking at late 2019 to begin. Working on getting their permits. The club keeps ownership of the property.

Conflict of Interest Policy – Loren Kohler was here to sign, will have Michael Quiring sign at a later meeting.

Financial Report — AGC Treasurer, Loren Kohler — November revenues were \$17,963 and our expenses were \$44,278 leaving a loss of (\$26,315). Our YTD revenue is \$219,232 and our YTD expenses are \$294,167 leaving a loss of (\$74,935). Account balances: Checking Account \$120,624; Payroll Account \$15,870 and Savings Account \$610,742. Money market account \$302,092.

CD or other Investment Update – AGC Treasurer, Loren Kohler – In the process of reviewing opportunities to see what options are available for investing for both long term and short-term investments. Looking into CD's and money markets accounts and other investments with lower risk options.

Maintenance Update – David Faingold – The berms have been repaired, special thanks to the members that helped out, (Julius Boquiren, Randall Bruce, Chris Lind, Garrett Hoch) who prepared the berms and (Bill Chin and his nephew) who put the targets back once complete. The tree trimming to the west has been done. I had a company recommend some trees for the north side, must first need to get approval from SEMSWA before anything can be done. David has called to ask for approval. Looking into having a company called Fifthroom construct the covers for the 100yd range. Getting bids on getting electricity so that when the flag goes down there would be lights under the structures that would come on to indicate the flag is down. Approximately \$15,000 per structure. Wanting to do 2 structures, \$2,000 to run electricity and whatever the cost of the lights. Expressed to members in attendance to call him whenever there are any maintenance concerns at the club. It was again suggested to crown the berms in the center so that the water would run off the sides.

Dissolution Plan – AGC Treasurer, Loren Kohler - CPA firm came back with information on a website to get more information. The funds would have to go to another non-profit, such as the Boy Scouts, NRA, Shooting USA, ATA, etc... Need to decide what organization that they would choose to designate the funds to go to before anything happens. This would only occur if the club dissolved. The club is a 501(c)(4).

Christmas Party Thank You's – Manny Boyd – The Christmas Party had a very good turn out and everyone seemed to enjoy themselves and eat well. Turned in some receipts to Loren for reimbursement. Stated that August is a better month to ask for donations rather than waiting until later in the year.

VI. NEW BUSINESS

Change in Newsletter Policy – AGC President, Tom Desmond - Approximately 1/3 of the membership receives their newsletter by mail. Takes a lot of work and cost of postage and printing. Would like to propose a new policy that new members may only have the choice to select newsletter by email or web. Printed newsletters will still be available at the clubhouse. Next year's renewal invoice will have the option to keep as is, web or email. Suggestion was made to put an announcement in the newsletter to see if members would change now to help with costs.

12.11.18 c. Motion to propose a new policy that new members may only have the choice to select newsletter by email or web and renewals, beginning in 2019, will not be able to change to delivery by US Mail.

Motion seconded and passed

ATA Trap Scorers - AGC Treasurer, Loren Kohler – Would like to have a notice put in the newsletter looking for ATA Trap Scorers – Would like to have as many people as possible. Have 7 shoots throughout the year.

Review 2019 Range Activity Schedules – Steve had most of the calendars complete, just a few dates need to be added. Work Parties dates were scheduled for Saturday, March 30th and Saturday, September 14th. Swap Meet to be on Saturday, June 15th. Need to add work party dates and Hunter Ed Classes and Pete's classes.

2019 Renewal Update / Who will be calling new members – Carla reported that as of to date there are 621 members that have completed their renewal and about 29 that have paid online but have not sent in paperwork.

Review of January Calendar – January calendar was reviewed

VII. ROUND TABLE

Dave Leiker – Asked if there were any spare flags, as the one hanging is in bad shape. Richard said that he does have spares and some new ones.

David Faingold – I will be out here tomorrow to measure for the covers on the 100 yd. if anyone else would like to be here.

Chris Baker – Asked Tom to mention the credit card machine. Tom said that Chase has been putting together new measures to be more competitive for non-profits. New incentive is a flat 2.5% per transaction. The club will be getting the machine for members to pay for purchases with a credit card. Was asked if it could also be used for ATA? Will the club be charging the members for the fee or will the club incur the fee? The 2.5% fee will be added to all credit card transactions. The minimum of \$100,000 in checking required to not pay fees, is actually \$100,000 in combined accounts. In the past when talking to our banker, I asked if a corporate credit card could be setup for the club (not tied to a particular officer) for expenses and was informed that they could not do that. There is a new option, however, where that is now a possibility.

Tom Desmond – Asked Richard to get the light fixed in the cover outside the clubhouse.

Members commented that the Weather station has been working really well lately.

Tom Desmond – Informed everyone that he purchased a Wi-fi camera, that is in the clubhouse, and if he can make it work so that it can be viewed from the website, it will be placed outside overlooking the trap ranges. Members can then go on the website to see if trap is in session or view the actual weather conditions.

VIII. RECESS & ADJOURNMENT

IX. NO EXECUTIVE SESSION

Announcements

NEW CLASSES

U.S. service weapon classes continue in January with one on the 1911-1911a1 pistols and one on the M-1 Garand.

- The 1911 class will be on Sat. January 5th, 9 a.m. to noon.
- The M-1 class will be Sat. January 19th, 9 a. m. to noon.

Both will be held in the education trailer. They will cover history, field stripping, cleaning and general maintenance. You may bring your guns, NO LIVE AMMO. Classes are free and you can bring a non member friend. Questions—contact Pete Benoit, 720-939-5396 or peter2694@hotmail.com.

You do not need to reserve a spot.

Looking for Trap Scorers!

Members, members children, grandchildren or friends if you would be interested in keeping score for ATA Trap Shoots please contact Loren Kohler at LorenKohler@yahoo.com or 720.670.7579 They are in need of several people to help keep score throughout the season. There are 7 shoots that go from March—September once a month.

NEW SAFETY MEASURE—Orange Safety Cones

During the last board of directors meeting on November 13, 2018 it was decided that if a shooter on the **100-yard range** is shooting from a prone, sitting, kneeling, or creedmoor position they must put an **orange cone** on the bench to let the other shooters know they are there. The decision was unanimously approved by the board and will be an enforceable rule. The club will provide the cones which will be located in front of the Black-powder/CMP shed. Range officers will be instructed to help remind shooters of this new safety measure. Thanks for your help!

STILL Looking for Members to help form a Legal Committee

The board is looking for a few members with legal expertise to form a committee that would be responsible for setting up legal documents for the club, should anything happen that would force the club to close. There is concern with the continuing encroachment around the club that this could be a possibility and would like to have all necessary legal documents in place.

Black Powder

A cold, below freezing, morning challenged 8 brave (crazy?) shooters for our annual ham shoot.

Four swine themed targets were the course of fire.

The aggregate winner Dave Allen won the ham with a 116.

Second was Chris Baker with a 101 and third Dietrich Whitesides 83.

The rest were Tom Shulz, Tom Wengh, Mike Barnard, Jimmy Jeffreys, and Les Lokken.

Today marked the end of another successful year with 14 matches over 12 months.

Any shooter who attended a minimum of 5 matches was eligible for a drawing.

A ticket for each match attendance increased your odds.

This years winner was Gene Snyder receiving the gift card.

Chris Baker
720-936-4218

CMP Rimfire Sporter Match

GREAT TURNOUT for our November 10 match! A total of 15 competitors, which included 2 women and 3 iron sight users, braved the cool, early morning start and took part in the match.

For those of you who are interested, the match includes a total of 60 rounds in the prone, seated and standing positions with both slow fire and rapid fire components. Equipment is minimal and the most popular rifles used are Ruger 10/22 and clip fed .22 bolt actions. All rules and course of fire can be accessed through this Civilian Marksmanship Program link: <https://thecmp.org/wp-content/uploads/CMPGamesRules.pdf>, and our CMP community of shooters is always willing to support and coach those of you that are new to this shooting discipline. These matches are scheduled on the 100 yard range for the second Saturday of the month at 0800 (sign-up) and we are normally finished by noon. C'mon out and give it a try, and we'll look forward to seeing your name on the list below next month:

1. Z. Turnage	578-16x
2. R. Spurrier	577-18x
3. L. Luhrs	576-17x
4. S. Turnage	574-18x
5. K. Mosely	573-13x
6. R. Bishop	570-13x
7. S. Moore	565-11x
8. Lenna Spurrier	549-13x

9. J. Whyel	532-6x
10. G. Goodman	517-7x
11. S. Kolpak	502-4x (iron)
12. R. Rathburn	496-1x (Iron)
13. S. Andressen	475-2x
14. J. Andressen	477-2x
15. R. Lucernoni	433-7x (Iron)

NRA Action Pistol

There always seem to be a sense of excitement in the air when we have the NRA Action Pistol Match the same day as the Club's Christmas party. Excitement and Canadian geese! Yes, I know, the proper name is Canada geese but I'm old so give me a break. It's always fun to watch them fly over.

It was just one of those days that make me really appreciate the holidays and time spent with family and friends shooting at the range. Pretty much the gang was all here. Bob Daneker, "Evil" Scott Starks, Carey McDonald, Rich Sundvick, "Wyoming" Andy Rayland and Dietrich Whitesides made it seem more like shooting with family than friends. Steve Knoll, Gurnee, Bob Hughes and Jim Flagg didn't make it to the match this time. Just so that they wouldn't feel bad I broke my arm, both wrist and both hands so I couldn't shoot either. Let me say that broken bones really aren't as much fun as the hospital brochures try to make it look. Typing is a challenge and sometimes even scratching an itch can be hard.

Last month, I mentioned Isaac Smith as an "up and comer." And I was right! He brought a new shooter, Will Coatman with him. You know, it doesn't matter how well you shoot, if you are unsafe you're nothing. Well, Will is something! Great fundamentals and attitude.

What's Christmas without kids? Our new "kids" this year, in addition to Will, were Marcus Lee, Mike Guldish and Graham Dunne. Graham is a very good shooter and it seemed like he worked with Marcus and Mike a little before the match as they all seemed to show a consistent sense of style. Marcus is a martial artist and a disciplined person. This personified itself when I suggested that he change a part of his technique. After the suggestion he never reverted back to the "old way" and by the end of the match he was as smooth as Dietrich not picking up the bill at dinner. (Just kidding, Dietrich)

And speaking of Dietrich, both he and Andy were shooting revolvers. Andy was shooting an S&W .22 while Dietrich shot his trusty .38 Special. I'm going to say it again, "It's not the song, it's the singer!" If you want to shoot your revolver come out and get some tips from these masters.

Shooter	Barricade	Speed Barricade	Practical	Plates	Total
Andy Rayland	478-30	446-34	468-23	460-46	1852-133X
Dietrich W.	403-8	395-9	408-10	350-35	1556-62X
"Evil" Scott	414-13	399-8	362-11	310-31	1485-63X
Rich S.	342-9	385-6	429-10	310-31	1466-56X
Bob D.	377-11	371-14	362-10	160-16	1270-51X
Graham Dunne	310-2	330-5	399-12	150-15	1189-38X
Carey M.	345-4	275-1	387-12	80-8	1087-24X
Isaac Smith	302-2	269-4	257-2	150-15	978-23X
Mike Guldish	222-1	248-14	188-2	140-14	818-18X
Marcus Lee	257-5	219-1	222-2	80-8	778-16X
Will Coatman	155-0	122-0	193-2	50-5	540-7X

In case you are wondering, for the 4 stages listed the max possible is 480. The scoring rings are X (which is also a 10) used for tie breakers, next is 10, then 8 and finally 5. The X ring is 4", 10 is 8, 8 is 12 and the rest is 5. Hits touching the line count as the next higher number. A miss is 0. When you see a score of 478-30 that means 478 out of 480 with 30 hits in or touching the black X ring. Any 8 inch plate knocked down is also an X. The total number of shots we shoot is 192 in all 4 events.

From all of the action pistol crowd, have a very Merry Christmas and a Happy New Year. And nothing could make the New Year better than coming out and shooting NRA Action Pistol the second Saturday of the month with us.

Until next time, shoot safe, shoot straight and shoot often,

Bob Daneker, Alex Ragulsky and the entire NRA Action Pistol crowd.

Cowboy Action Shoot

The weather was very pleasant for the Cowboy shoot held on Wednesday, December 12th. We had 13 shooters and everyone seemed to be having fun. We will try to shoot the second Wednesday of each monthly weather permitting. If you have not had a chance to shoot cowboy action, please come out on the second Wednesday and give it a try. Single action revolvers, lever action rifle and a side by side, 97 pump or 87 lever shotgun will help you see what it was like to live in the old west era. Hope to see you at the range for our next shoot.

Results:

1. 104.01 - Wizard
2. 121.47 - Melon head
3. 122.57 - Badger
4. 127.47 - Turquoise Queen
5. 137.29 - Chauncey Dewey
